Nano3 University of California User Agreement

This document will serve as an agreement between the Nano3 Facility, and
_____("USER"), regarding the use of the Nano3 Facility. The USER hereby acknowledges and agrees to comply with all Nano3 Policies and Procedures, including but not limited to the following procedures to be granted independent access to the facility:

(1) Attendance and completion of the UC Laboratory Safety Fundamentals training and submission of a copy of the certificate of completion to Nano3; (2) Completion of the Nano3 Policies and Procedures examination; and (3) Attendance of the Nano3 Safety Orientation. The Principal Investigator ("PI") acknowledges responsibility for facility fees incurred by the USER in his/her use of Nano3. The PI acknowledges he/ she may be financially liable for equipment or other property damage if it is found to result from gross negligence or deliberate violation, by the USER, of standard Nano3 policies and procedures.

While Nano3 will train the USER in general chemical safety before allowing the use of chemicals, and in the operation of the particular processing instruments required by USER's work, the USER assumes primary responsibility for his/her personal safety. Any processing involving hazardous chemicals in Nano3 must follow the safety Standard Operating Procedure (SOP) developed by the USER and her/his PI, and the USER must be familiar with all appropriate Safety Data Sheet (SDS) information.

The USER confirms that she/he will obtain special permission from Nano3 staff for introduction of any chemicals not commonly available inside the facility. The user also confirms that no biohazards will be introduced into any Nano3 facility laboratories.

It is expected that the USER will operate all instruments and equipment in a safe and professional manner, consistent with the operating instructions and the laboratory rules. The USER acknowledges that Nano3 is a community of professional and student researchers. As such, courteous, professional, responsible behavior is expected at all times. Access to Nano3 is a privilege and may be revoked by Nano3 at any time.
